A “Nor Cal” FAVORITE

MIYAGI

Sometimes restaurants swing and miss when it comes to a name. At Miyagi Bar & Sushi on Fair Oaks Blvd in Sacramento, they are what they say they are---great bar, great sushi AND more.

Owner Jimmy Khov bought out his partners about a year ago and now runs Miyagi in a personable, interactive and relatable way that makes customers smile and walk away happy.

Khov says his style, demeanor and approach is quite simple. "I love the restaurant business because I love food, drink and entertaining people. Nothing is better than seeing people having a good time and that I had a hand in it." Miyagi's newly renovated horseshoe bar is a local favorite. Sit back and enjoy a full-featured assortment of concoctions from simple to sublime can be whipped

up by one of their expert mixologists. Then, after a drink or two, it's time to test the cuisine.

Khov says, "Our Fish and Chips are our most popular appetizer. I suggest that to start. We are always known for our light and crispy tempura and the size of our rolls. We are especially proud of that."

The menu is a Japanese Food Lovers Shangri-La. Many choices abound across a number of scrumptious categories. If you can't find it here, you can't find it anywhere.

The atmosphere is another one of this restaurants' welcoming charms. Happy Hours here are always a customer favorite, you can dine in the patio in sun or shadow and the service is top notch.

If you're in the area, we heartily recommends Miyagi Bar & Sushi and don't forget to tell Jimmy you're friends with GOLF & LIFESTYLE. •
